

All pools have health and safety rules that we ask everyone to understand and follow. The lifeguards are responsible for enforcing these rules in order to PREVENT accidents from occurring. We realize that during low attendance, some of the rules may not seem appropriate. However, in order to maintain consistency between the staff and pool users at our pools, the lifeguards are instructed to enforce the rules at all times.

PLEASE READ THE BASIC RULES LISTED HERE FOR YOUR SAFETY. This list is not all inclusive or legally complete and no liability is assumed for completeness.
